

Ottawa Snow Contractors' Association

CODE OF ETHICS

**Members of the Ottawa Snow Contractors' Association
agree to abide by this Code of Ethics**

- 1 • To regularly upgrade their education and skills and embrace advancements in the snow and ice management industry.
- 2 • Members should run their operations with integrity and honesty.
- 3 • Implement and adhere to safety procedures and policies that help protect both staff, customers and the public.
- 4 • Advertising should not be misleading or false in nature.
- 5 • Respect and be conscious of the industry's impact on the natural environment including the use of ice melting techniques and products.
- 6 • Utilize the OSCA name and logo only as permitted by the Association.
- 7 • Members should not make malicious statements that may affect the honourable reputation of other OSCA members.
